Re: Letter of Recommendation for Zeppa's Lawn Service

Dear Sir or Madame,

It is with pleasure that I have the opportunity to write a letter of recommendation for Zeppa's Lawn Service. We have been working with Zeppa's over the past year and look forward to working with them again this year. Everyone on the Zeppa's team has been easy to work with and has provided high quality and professional services to the Nature Preserve.

As a reference, these are the services that Zeppa's has successfully completed at the Preserve –

- Zeppa's has provided **5000 square feet of lawn restoration** services for us along our main trail system, which handles foot traffic from thousands of visitors.
- For the holiday season, Zeppa's team **specially created and hung lights on trees and structures**, including our 200-year old Mahan Manor and Nature Center. They also are storing these same lights for ease of use for the next holiday season.

Additionally, I'm am very happy to mention that Zeppa's has been **part of our community-building initiative** by helping us at our large events. They have become an important part of our community outreach!

- At our **Haunted Hike** event, which attracted over 4,000 visitors, Zeppa's helped manage and run our Jungle Hayride attraction. This is one of the most popular activities at the event and they did a great job.
- For our **Nature of Christmas in Goshen** event, which attracted over 800 visitors, Zeppa's built a special fire pit area and roasted marshmallows for kids and their families.

Without a doubt, the Zeppa's team is a vital part of our community. They have high quality professionals who are experts in their jobs. Pair this with the spirit to help others and a charity like Creasey Mahan Nature Preserve, and you've got a great reason to work with Zeppa's!
